

Explanation of the payment process

Since its inception, thanks to government and public support, HON has provided all its services completely free of charge including the HONcode annual assessment. Currently, under less economically stable times, our governmental sponsors have had to make fiscal compromises and so, have encouraged us to become financially independent of them. Thus, we are now requesting your participation as we believe that as one 'HONcode family' we can create a vast pool of trustworthy health information available to everyone without any restrictions.

In order to offer a quality service (evaluation by experts, timeliness and quality customer service with improved availability) and to contribute to the sustainability of the HONcode certification programme, the HONcode annual re-assessment has now been made a paid membership with an annual renewal.

Your site is a "Commercial" site and thus should contribute: EUR 325.00 Please use the follow link where you can make the payment via paypal service or via credit card. A confirmation receipt will be sent when the payment is made. The type of the site was defined by the applicant when requesting for HONcode certification.
